BRET HARTE DAIRY RECIEVES GOLD MEDAL AT STATE FAIR

Nevada City received a big boost this week when it was announced that the Bret Harte Guernsey Dairy had received the highest award and gold medal at the state fair for raw milk and cream.

U. S. N. Johnson, owner of the dairy, informed The Nugget that the product of his dairy in competition with dairies from all parts of the state was rated 2½ points higher than the nearest competitor.

The Bret Harte Dairy received the highest award last year by a margin of one half point. The high quality of the Nevada City product is the result of years of effort on the part of Mr. Johnsons careful selection of dairy stock and the ideal conditions for dairying which prevail in Nevada county.

"The best little city on the Mother Lode" has just about every advantage and the reputation of producing the best milk and cream in the state is another big boost that will help bring desirable residents.

NARROW GAUGE ASKS PERMIT TO BUY STAGE

The Railroad Commission has recieved a joint application from Pacific Greyhound Lines, Inc., and Nevada County Narrow Gauge Railroad, respectively, asking to sell and purchase operative rights for a passenger bus, baggage and express line between Auburn and Nevada City.

The application recites that the passenger service of the Nevada County Narrow Gauge Railroad between Nevada City and Colfax has declined to an extent that it is no longer justified, and that the passenger stage service between Auburn and Nevada City as conducted by Pacific Greyhound Lines, barely meets its out-of-pocket expense. By the transfer of the latter opration to the Nevada County Narrow Gauge Railroad it is believed that economies can be effected and the service bettered.

MUCH DEVELOPMENT AT YELLOW JACKET, OSCEOLA

Under the supervision of William Lichtenberger, the Yellow Jacket Consolidated Mines, Ltd., has begun the intensive development of its Yellow Jacket and Osceola groups at Alleghany, Sierra county. In the Yellow Jacket a raise is being driven to the surface from the main 1,750 foot tunnel to provide for better ventilation, while the Osceola is being equipped for deeper development.

The mines adjoin and cover narly a mile of the lode, and the two projects will be carried on at the same time. In the Yellow Jacket sinking will be resumed in the winze started from the 1,100 foot point in the 1,750 foot tunnel.

The tunnel in the Osceola is 1,500 feet long. Both mines are well equipped, including ten 1,250 pound stamps, and are electrically operated throughout. Aside from small current bills, they are free from debt.

The officers and directors are Charles E. Trezona, president; Frank G. Weller, vice president; William F. Adams, secretary; H. R. Palmer, treasurer, all of Los Angeles, and Judge Lee Champion of Beverley Hills, additional directors.

MANY FOREST FIRES BURN LARGE ACREAGE

In response to calls for help the Tahoe National Forest Service office in Nevada City sent out men within the last few days a couple of bad fires in El Dorado and Lake counties.

Mr. William Gracey, chief clerk and bookkeeper, stated that 60 men and five crew leaders were sent from here to the El Dorado fire on Kyber Flat, which it is claimed was set by communists. He also stated that six men and a truck were rushed to the Lake county fire which is partly on Elk Mountain, the crew going by way of Upper Lake.

A big fire was reported to be burning above Fouts Springs on Snow Mountain in Colusa county.

MEN BEING EMPLOYED AT HOGE DEV CO MINE

Last Wednesday the Hoge Development Company had completed hiring a crew of about 35 men to start active mining and development of their property which lies northeast of Nevada City about two miles.

The mine is 642 feet deep with three stations at the 300 foot, 400 foot, and 600 foot, levels.

The men are working on all of the levels drifting and stoping the rich ore that is found in the Hoge mine.

The oil flotation mill which was completed last week was designed by Otto E. Schiffner, manager, and is so constructed that the capacity can be increased from 50 to 100 tons per day.

Arthur M. Hoge is president and principal stock holder of the company.

PARAMONUT GD MINES OPERATING REDSTONE

The Paramount Gold Mines Corporation, Ltd., of Auburn, Placer county, owns free of all indebtedness, 3 claims, or 160 acres of land two miles south of Blue Canyon, known as the Redstone mine.

They are driving a tunnel which will be completed during the winter, that will open up a thousand feet of backs on a vein that was originally operated by a former governor of Oregon.

A ten stamp mill is located on the property which will have to be moved from its present location, to a point on the north fork of the American river.

The ore which was mined originally ran $8 per ton. The present tunnel of 400 feet will open up the same vein 1000 feet lower and should also be a big producer.

GRASS VALLEY FIGHTER WINS AT RENO MONDAY

Len Vincent, of Grass Valley, was an easy winner at Reno Labor Day, giving Young Sharp a bad beating for six rounds. In the sixth round Vincent had Sharp reeling under a barrage of rights and lefts.

Over a hundred fans from Grass Valley witnessed the bout, the second meeting of the pair. Vincent and Sharp have been tentatively rematched for a ten round fight September 14th.

DOVE STEW OF GRASS VALLEY IS BIG SUCCESS

The first annual dove stew of the Grass Valley Rifle, Rod and Gun Club, held at the William Black ranch last Sunday was a big success. The club chef, Jack Lopes, announced that eight hundred birds were used and about five hundred people enjoyed the stew. The affair was enlivened with music by the Grass Valley band.

Mr. and Mrs. Wisker Celebrate Anniversary

Last Friday was the seventh wedding anniversary of the wedding of Mr. and Mrs. Aubrey Wisker of Nevada City. A nice dinner had been prepared and plans were to enjoy a quiet evening at home with relatives and a friend or two.

A sister, Mrs. Ray Davis, under pretense of visitors, slipped over to her home to receive a group of friends who were prepared to charivari and surprise the young couple. In a short time they rang the door bell and made quite a commotion with their cow bells and old tin cans quite to the astonishment of Mr. and Mrs. Wisker.

After being welcomed into the home cards and a happy social time were enjoyed by the fifteen present.

As it was the rubber anniversary Mr. and Mrs. Wisker received a number of nice gifts in rubber.

Mrs. Schwartz Given Surprise—

Mrs. Ann Carroll and son, Joe E. Roberts, motored up from Sacramento Monday to surprise her daughter, Mrs. Carl Schwartz, the occasion being Mrs. Schwartz's birthday. A delightful birthday dinner was enjoyed.

Clarence Turner motored to Nevada City Wednesday.

Annual Flower Show Wins Much Praise

The third annual Flower Show of the Women's Civic Improvement Club was held here Wednesday evening at Redmens hall and was an outstanding success. The old hall was transformed into a klediscope of floral colors. The autumnal hues of yellow and red were predominating but all colors of the rainbow were to be seen.

The artistic arrangement was according to a plan drawn by C. E. Parsons of the Felix Gillett nursery. The center arrangement of a pond of water lillies and water hyacinths from the gardens of Elza Kilroy added greatly to the scene as did a minature garden from the Felix Gillett nursery. The display of the Nevada County Lumber company featuring garden furniture decorated with pyrocantha berries, was another special feature.

A table of yellow flowers from the P. G. Scadden garden was outstanding and contained several novelties including a new marigold called Guinea Gold and a new yellow cockscomb. The Scaddens also had a table of dahlias.

Nice Program

The following program was rendered during the evening:—

Vocal Solo, "Thank God for a Garden,"—Mrs. G. C. Celio.

Vocal Solo, (a) A Love Song, by Mischa Elman,; (b) "Song Without Words," by Tschaikowsky,—Edna Gadawalder Goede.

Volal Solo, (a), "Flower Rain," by Edwin Schneider; (b) "At Parting," by James H. Rogers—Mrs. Charles Elliott.

Whistling Solo, (a), "Ah, Sweet Mystery of Life," by Victor Herbert; (b), "The Little Old Garden," by Thomas J. Hewett—Mrs.. George Stine.

Vocal Solo, (a) "When You Look in the Heart of a Rose," by Methven; (b) "Daisies", by C. P. Hawley —Mrs. I. M. Talbot.

Life and History of Felix Gillett—Charles E. Parsons.

The following made exhibits of flowers: Mrs. George Calanan, Mrs. R. J. Bennetts, Mrs. P. G. Scadden, Mrs. Robert Nye, Mrs. Wade Armstrong, Mrs. Fred Tredennick, Miss Minnie Brand, Mrs. Ernest Schreiber, Mrs. Harriett Farmer, Miss Gertrude Goyne, Mrs. Edward Uren, Mrs. Mary Warnecke, Mrs. Margaret Dickerman, Mrs. L. F. Whitney, Fred Reed, Mrs. Walter Mobley, Mrs W. P. Sawyer, Miss Alice Moore, Mrs. William Maguire, Mrs. W. S. Coughlan, Mrs. A. C. Randall, Mrs. R. E. Harris, Mrs. Joseph Huy, Mrs. El a Kilroy, Mrs. H. H. Hallett, Mrs. A. N. Wisker, Mrs. Martin Van Berg, Mrs. Roy Landsburg, Lake Spaulding; Mrs. Charles Elliott, Mrs John Ivey, Mrs. Mary Sims, Mrs. William Holland, Mrs. Winnie Mulloy, Mrs. Charles Parsons, Mrs. John Darke, Mrs. William Jones, Mrs. Frank Cossetti, Mrs. Jennie Preston, Mrs. Randolph Carter, Mrs. A. W. Hoge, Mrs. Susan Carr, Highway Gardens, Sunnyside Greenhouse, Mrs. M. H. Williams, Mrs. F. Poles, Mrs. Biggs, Thomas Flannagan, of English Mountain.

The business firms of Nevada City cooperated with the women of the club in putting in exhibits of their wares and merchandise, this feature adding much to the success of the affair.

Firms exhibiing were: U. S. Forest Service, Kopp's Bakery, Broad Street Service Station, Colleys, A. M. Holmes, Preston News Shop, Schreibers Cafe, Mrs. E. M. Austin, Felix Gillett Nursery, Charles Leiter, Alpha Stores, Plaza Grocery, Sunnyside Greenhouses, Nevada County Lumber company, Harris Drug company, Dickerman Drug company, Robert Carr, Lace House, The Racket Store, Betty Jean, and Foley's Confectionery.

There was also on display a splendid collection of articles used by Mr. Gillett in his work as a nursery man, and at the occupation of barber, which he followed before he took up the work of converting the eastern part of the city into a garden spot of the county.

Judging from the number of displays and the lavishness of the flowers Nevada City might well be called the floral city of the Sierras.

The fall flower shows have been so successful that the Wowens Improvement Club is now thinking seriously of holding a spring display of the many beautiful flowers that have finished their season before the fall flowers start to blossom.

NEW WORK ADDS ANOTHER SHIFT TO THE IDAHO-MARYLAND MINES

Within the next few weeks the Idaho-Maryland mines will start larger production, as certain metallurgical problems were solved, and two shifts per day will be put on at the mines as soon as the immense gallows frame is completed.

Last year there was a temporary loss of $2.13 of gold per ton in the tailings which have been stored and plans are to rework this at some future time. Gold recovered averaged $13.84 per ton and with the loss made a total value of the ore $15.97 per ton.

Sixty-two and a half per cent of the company's 8% preferred stock has been retired with arrangements to retire the whole issue by the end of 1932. This issue automatically shut off dividends on common stock, but was used in easing financial distress during early development.

The company is well satisfied with development work in the mine, and continued work on the No. 3 vein has proved the large ore body to have increased in value and extent.

True to formation in most instances in the Nevada county field, the number three vein has widened in sinking operations until it is six feet wide on the 1,000 foot level.

The Idaho-Maryland mine is adding concentrating tables at the Brunswick mill which will replace the amalgamating machines. They have found that by concentrating the ore, regrinding it in a ball mill, and completing the treatment with the flotation process they can cut the loss in the tailings from $2.13 per ton, or last year's average, to 55 cents a ton or less. The ore going to the Idaho-Maryland and Brunswick mills at this time is understood to be averaging $15. a ton.

They plan to develop the five veins known to exist on the property, among them being the Dorsey, Morehouse, besides the No. 3 ore body. Later on they will develop the Brunswick and Union Hill vein systems from the Brunswick mine shaft

The mine now employs 200 men having added about 20 men within the last two months.

The company bought two properties since the first of the year giving them an immense acreage that will keep them supplied with high grade ore for many years to come.

ANOTHER CITY PROPERTY HAS BEEN IMPROVED

Part of the old Naffzigger home on Grove street, one of the early pioneer properties, that was injured by fire several months ago has been changed over into a pretty little modern house, while the worst damaged part was torn down and the ground partly cleared at this time.

Mrs. Barker, a niece of Miss Carrie Naffzigger owns the cleared ground and her plans are not known at this time.

A nepnew of Miss Naffzigger, Dr. Howard Naffzigger, is a prominent physician in the university hospital at Berkeley. He has visited here at different times in the last few years.

NEVADA COUNTY HAS MINE MILL AT STATE FAIR

Alta Californians, Incorporated, successors to Citizens Regional Council, placed an exhibit from 21 gold producing counties at the State Fair at Sacramento this year.

A ten stamp mill was taken down from Grass Valley and is attracting a great deal of attention in its grinding up the quartz ore and the precious yellow metal is taken out.

The mill was on display at the exhibit at the Biltmore hotel in Los Angeles during the meeting of the Lions National Convention in that city.

Have you a "Nugget" in your home? Why Not?

GOOD SHOWING ON THE OLD HOMESTAKE MINE

W. L. Jones, lessee of the Homestake mine, located in the Washington district about 25 miles from Nevada City, was in Nevada City Monday with a handful of nuggets recently taken from the property.

Jones is leasing the mine from C. E. Martz and son and has seven men employed at present. The principal work consists of a tunnel in about 900 feet. The old Homestake has a good record of production and the present lessee is said to have ample capital with which to develop the mine.

The Homestake was located in the 60's by a man named Cook, who was murdered on the property. The mine was worked off and on and in 1914 was acquired by Mr. Martz, who took out considerable gold, drifting on the gravel. The new lessee is optimistic and well satisfied with the results already attained.

LOCAL GIRL WINS THE PRIZE SHETLAND PONY

Miss Jean Fitzsimmons is a very lucky little girl and no doubt many of her friends are a wee bit envious of her this week. She was the winner of the Shetland pony given away last Saturday by the Robert E. Carr Shoe Store in their merchandising contest which closed last week.

Mr. Carr gave a ticket with each 50 cent purchase and at the end of the contest the drawing was made and the lucky number was 987. Miss Fitzsimmons is the little daughter of Mr. and Mrs. R. S. Fitzsimmons who reside on Winter street. Mr. Fitzsimmons is employed by the Tahoe National Forestry Service in this section.

This is the second prize won in the year by little Jean, as she drew the winning ticket on the big bunny at Colley's candy store this spring, besides Mrs. Fitzsimmons won the prize baby in June at Jones Memorial hospital in Grass Valley.

MODERN HOME IS FINISHED THIS WEEK

A four room modern home to cost about $2,000.00 is just about being completed this week on East Broad street, which helps relieve the crowded condition which exists here at the present time.

The contractors are Tredennick and Stevens and they are doing all of the cabinet work right on the ground.. The house has many built-in features including a cooler in the kitchen and drawers and cabinets that are the delight of every woman in her own home.

One outstanding feature of this new home is the wood house which opens off of the kitchen. A truck can back right up to the window and unload into the wood house and presto—just a step off the kitchen and there you are.

The lumber is being furnished by The Nevada County Lumber company, and the contractors inform the writer that all materials are bought right here at home. Let the good work go on.

EMPRESS MINE SHAFT IS SINKING RAPIDLY

News reaching us Monday from the Empress mine, west of Nevada City, is to the effect that the shaft sinking is progressing at a rapid rate and they were down to the 680 foot level with about 380 feet to go before they reach the 1,000 foot level. This work was started about July 15th and they have made about six feet a day in sinking. It is expected the work will be completed within a very few weeks if they continue as they are at the present.

There is a station at the 150 foot level and other stations will be cut at the 700 foot and 850 foot levels.

This is a two compartment shaft and when completed will be one of the most modernly equipped mines in the district, with an abundance of rich ore in sight to give employment to about 30 men, which were working at the mine when mining operations ceased to start sinking.

Ed C. Jacobs is superintendent at the mine.

Ross F. Taylor of Downieville was a Nevada City visitor Tuesday.

FLATTERING OFFER FOR RELIANCE AND PLACER QUARTZ MINE

Mrs. Kittie B. Kimball, president of Reliance Placer and Quartz Mining company, whose claims are located in the Alleghany and Eureka mining district, was in town Monday on business relative to the mine.

Mrs. Kimball returned recently from a three month's trip throughout the east, visiting in New York, Washington, D. C., and Salt Lake City. She was accorded interviews in these cities with the heads of three of the largest mining companies in the United States. She found them to be deeply interested and conversant with the possibilities in the Alleghany district. Her trip was so successful that she received a flattering offer from one company and another company is sending out an engineer within the next two weeks to examine the property.

The claims of the Reliance Placer and Quartz mining company lies next to the famous Plumbago mine in the Alleghany district. They have run a tunnel 170 feet into the mountain. The formation is granite and slate. The ledge is four and a half feet wide and seven feet through. Assays have run as high as $105 per ton.

Mr. and Mrs. Kimball discovered the property eleven years ago and Mrs. Kimball helped her husband to develop the property. Upon his death two years ago Mrs. Kimball assumed the presidency and has been untiring in her effort to promote the mine. She feels confident that her efforts will be rewarded within the next few weeks.

The Plumbago mine has a past production record of $8,000,000.

WORK GOING AHEAD ON AMERICAN FLAG MINE

Among the many mining activities in this section and development work, the American Flag mine deserves mention as Mr. James Grimes has this week brought in some beautiful samples of rock taken from four different tunnels on the property.

Mr. Grimes is part owner and reports that a crew of men are busy cleaning out the 1600 foot tunnel and retimbering and doing other work preparatory to taking out the ore in this tunnel.

This mine is located on Oregon Creek near the Alaska mine and this section has in the past produced some rich ore.

LAST BENEFIT DANCE OF MASONIC TRUSTEES

Camptonville, September 1—The last benefit dance of this year will be staged Saturday evening, September 24th, by the trustees of the local Masonic hall. The popular Meltz orchestra of Auburn has again been selected for music. The committee in charge expect to offer an unusually good supper this time, with lots to eat for everybody..

The proceeds will go towards the upkeep of the Masonic and Community hall, such expenses as insurance, taxes, repair, etc.

Camptonville Justice Court Case is Dismissed

CAMPTONVILLE, Sept. 1.—The case of the People vs. Mrs. Mary Zaring was heard before Judge W. B. Meek in the local justice court Saturday morning, the defendant having been arrested on a charge of disturbing the peace on complaint sworn to by Mrs. Edna Deal, the trouble having taken place over a water dispute. The judge listened to the stories of both parties and there being no other witnesses, dismissed the case due to lack of sufficient evidence.

TWIN SISTER MINE HAS SMALL CREW WORKING

Messrs. Burgess and Smith of near Santa Rosa spent a few days at the Twin Sister mine last week.

Several men are employed at the mine at present doing development work.

The Twin Sister mine lies to the north of the German Bar mine and is situated on Snow Point.

GROWING

The publishers of The Nevada City Nugget are more than pleased with the number of new subscribers added to the list in the past two weeks. We are fully aware that advertisers are interested in circulation and we also know that subscribers are interested in news. Therefore it will be our policy to make The Nugget newsy and interesting.

In taking over The Nugget we found the mechanical department badly organized, with many small items of equipment missing. In the past two weeks a great deal has been done in the way of buying equipment, overhauling machinery, etc.

With the mechanical department functioning more efficiently we expect to meet all competition in the production of job printing and also get out a better newspaper. We hope to be able to merit the patronage of local business men and for every dollar spent with us we promise a full dollar in value.

As we stated in our opening announcement we hope to be able to produce a paper that will be a credit to Nevada City and if hard work and strict attention to business will accomplish this result we are certain of success.

There is no easy road to success and we have no get-rich-quick schemes. We will be thankful and appreciate any encouragement in the way of new subscribers or other new business. About the first of October we expect to be in shape to make a real improvement in The Nugget but, as our plans are incomplete, we will not make any definite announcement now.

WHAT ARE WE GOING TO DO ABOUT SILVER?

It has been dramatically said that silver, as a money, is the poor man's gold.

The most populous nations of the world are on the silver standard of coinage. They know no other medium of exchange. And when the price of silver is debased, as at present, it means that the purchasing power of those countries has been cut to sixty, fifty or forty per cent of its former level. That. in turn, means that the gold standard countries have lost—and vitally needed—foreign markets.

The whole future well-being of the world is intimately related to the question, "What are we going to do about silver?" The economic status of hundreds of millions of people is largely dependent on the answer. The monetary problem reaches into every community, every home—and touches every pocket.

In fact we could go so far as to say our present economic problems could be greatly reduced by the simple remedy of bringing silver back to its own. World markets can only be opened by rejuvination of the buying power of the European countries, which at the present time are practically nil.

Great mines along the Mexican border and deep into Mexican territory would at once be opened and thousands of dollars spent in developing these mines. Railroad transportation would receive a great impetus as well as water transportation. The effect of such activities would be far beyond our local vision and would reach into all parts of the world.

Indeed, it is a large subject that we can spend a lot of time in studying over and then perhaps all the combined thought will crystalize into action that would help solve many of the difficulties that confront us at the present time and will continue to confront us until the wheels of production, transportation and world commerce are put into action once more.

The highest opportunity for constructive statesmanship does not lie in the direction of cutting down the profits of the utilities, but in fostering intelligent and progressive administration of their affairs with a view of expanding their fields of service to the utmost.

"BETTER TIMES are here. We want to learn at first hand what we can do to make them stick until we have GOOD TIMES."

This was the statement of A. P. Giannini now on an extensive tour which will carry him into the 243 California communities in which the Bank of America has branch offices. He is accompanied on the tour by Executive Vice President Carl F. Wente.

Starting at Sausalito this morning, Giannini and Wente will swing north as far as Crescent City returning by way of Vallejo and Napa. It is their intention to familiarize themselves on the ground with the loan situation in all of the branches as well as with general conditions in the communities visited.

"It is quite generally recognized now that the country is on the upgrade," said Giannini. "The problems of the reconstruction are just as vital as those of the depression. Here in California, we must realize that agriculture is our greatest industry and will continue as such for at least another generation. The only way in which we of the bank can intelligently aid the farmer is by studying his problems on the ground. In making this inspection, I am merely following a custom which we established when we first founded the Bank of Italy over a quarter of a century ago. I will devote the next ninety days to this work."

LEGAL NOTICE

THE CALIFORNIA DEBRIS Commission will hold a public hearing at 11:00 A. M., September 20, 1932, at the California Debris Commission office, 10th Floor, Calif. Fruit Bldg., 4th & J sts., Sacramento, California, to receive protests against granting the application of Max A. Pokorney to mine by the hydraulic process the Brush Creek Placer Mine, located near Forest, Sierra County, draining into Oregon Creek, thence into the Middle Yuba River and to store tailings on flats just below the mine.

ORE BUYER'S APPLICATION

In compliance with Section 1, Chapter 183, Statutes of 1929, the undersigned, whose principal place of business is at 211 Spring Street, Nevada City, Nevada County, California, hereby gives notice that application has been made to the State Mineralogist for a license to carry on, within the State of California for the year ending December 31, 1932, the business of milling, sampling, concentrating, reducing, refining, purchasing and receiving for sale ores, concentrates and amalgams bearing gold or silver, gold dust, gold and silver bullion, nuggets and specimens.

Protest may be made by any person to the issuing of such license at the office of the State Mineralogist, Ferry Building, San Francisco.

No. 2842

NOTICE OF SHERIFF'S SALE UNDER EXECUTION

IN THE JUSTICE COURT OF THE TOWNSHIP OF NEVADA, COUNTY OF NEVADA, STATE OF CALIFORNIA.

JAMES JENROSE, Plaintiff,
vs.
W. G. FENTON and MARIE E. FENTON, Defendants.

By virtue of an Execution issued out of the Justice Court of the Township of Nevada, County of Nevada, State of California, wherein James Penrose is Plaintiff and W. G. Fenton and Marie E. Fenton are defendants.

Upon a judgement rendered on the 15th day of August 1932, for the sum of One Hundred Forty Two and 59|100 dollars, ($142.59), with interest thereon at the rate of 7% per annum from the date of said judgement till paid ,together with Nine and 40|100 dollars ($9.40) costs and disbursements at the date of said judgement and clerks accruing costs of $1.00, I have this day levied upon all the right, title, estate and interest of W. G. Fenton and Marie E. Fenton, defendants, as aforesaid, in and to the following described real property situated in the county of Nevada to wit;

S½ of SW¼ of NE¼ and NW ¼ of Sec. 4; S½ of NE¼, NE1|4 of NE1|4, SE1|4, SE1|4 of SW1|4 E½ of NE¼ of SW¼, and E½ of SE1|4 of NW1|4 of Sec. 5; N½ of NW1|4 and N½ of NW¼ of NE¼ of Sec 8, Tp. 16 N R,. 10 E, M. D. B. & M, and all of which property is mining property known and designated as Tom and Jerry No. 1, No. 2 No. 3, and No. 4, Mining Claims.

Public Notice is hereby given that I will on Monday the 19th day of Sept. 1932 at 11 o'clock A. M., of said day in front of the Court House door, in the City of Nevada, County of Nevada, State of California, sell at Public Auction, for cash, lawful money of the United States, all the right, title, claim and interest of the above named defendants, of, in, and to the above described property, or so much thereof as may be necessary to satisfy said judgement and costs, etc.; to the highest and best bidder for cash, lawful money of the United States.

Dated August 27th, 1932.
GEORGE R. CARTER, Sheriff of Nevada County.

LEGAL NOTICE

SUMMONS

In the Superior Court of the State Of California, in and for the County of Nevada.

ALICE HARE, Plaintiff, vs., C. B. CONLIN, DANA WICKS, CHAS. L. SALMON, MARY E. SALMON, W. D. HILL, S. A. PARNALL, LAURETTE E. PARNALL, JOHN DOE, RICHARD ROE, MARY POE, and BLACK AND WHITE COMPANY, a corporation, and any and all other persons, associations or corporations claiming any right, title or interest in and to the lands described herein. Defendants.

Action Brought in the Superior Court of the State of California, in and for the County of Nevada, and the Complaint Filed in the Said County of Nevada, in the Office of the Clerk of Said Superior Court.

CHARLES L. GILMORE, Attorney for Plaintiff.

The People of the State of California Send Greetings to:—
C. B. Conlin, Dana Wicks, Chas. L. Salmon, Mary E Salmon, W. D. Hill, S. A. Parnall, Laurette E. Parnall, John Doe, Richard Roe, Mary Poe, and Black and Whie Company, a corporation, and any and all other persons, associations or corporations claiming any right, title or interest in and to the lands described herein, Defendants.

YOU ARE HEREBY NOTIFIED, that an action was brought against you by the above named plaintiff in the Superior Court of the State of California, in and for the County of Nevada, by filing a complaint in the office of the Clerk of said Court on the 30th day of April, 1932, in which action Alice Hare is plaintiff, and you are defendants.

Said action is brought by the plaintiff against you as defendants to quiet her title to the properties described in the complaint and set forth herein, and,

YOU ARE HEREBY DIRECTED TO APPEAR and answer said complaint before this Court to show what right, title, estate, lien or interest you or any of you may have or claim in or to the property described in said complaint, and herein set forth, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, within ten days from the service of this summons, exclusive of the day of service, if served on you in said County of Nevada, and within thirty days, exclusive of the day of service, if served elsewhere; and you are further notified that unless you so appear and answer within the time above specified, that plaintiff will take judgement, forever quieting her title to the lands and premises herein described, or will apply to the Court for any other relief demanded in the complaint.

That said lands and premises are situate in the County of Nevada, State of California, and described as

The Northeast quarter (NE¼) of the Northwest quarter (NW¼) and the Northwest quarter (NW¼) of the Northeast quarter (NE¼) of Section thirty-six (36), Township eighteen (18) North, Range eight (8) East, Mount Diablo Meridian, and containing eighty (80) acres of land, according to the official United States survey thereof.

Given under my hand and the Seal of the Superior Court of the County of Nevada, State of California, this 30th day of April, 1932.
(SEAL)
R. N. McCORMACK, Clerk.

Mrs. Ella Piercy, formerly of Tonopah, Nevada, wife of the late Joseph C. Piercy, passed away very suddenly in Chicago about ten days ago. She leaves four sons and a mother to mourn her loss. Mr. and Mrs. Piercy formerly owned the leading drug store in Tonopah and were well known by many people both in Tonopah and Nevada City.

Youthful Strength
Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created
TITUS-PEARLS
to help the million of men and women who have lost or are losing their vital physical power. In his 25 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: **High blood pressure, hardening of the arteries, physical exhaustion** after work or exercise, **dizziness, depression, neurasthenia, etc.**

All these troubles can be removed with **Titus-Pearls. Numerous** cases were treated by Dr. Hirschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 tweeks later the medical report on this man was: General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all wearinesse and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of life.

Start regaining your youthfulness now! To-day! In 2 weeks' time you will be aware of the new, virile force within you. Send $5.00 (cash registered or money-order) for 2 weeks' treatment.

To avoid mistakes please fill out the following coupon:
TEUTONIA IMPORT & EXPORT SERVICE CO., DPT. 1058, 211 Fourth Avenue, New York City, N .Y.

Gentlemen: Please forward to the following address.....Boxes Titus-Pearls, for which I enclose $.....
My name is.....City.....
My address is.....State.....

CALAVERAS MINES SHOW ACTIVE DEVELOPMENT

Plans are to do extensive development work at the Carson Hill mine, situated in Calaveras county. The company is being rehabilitated under the direction of officers of the Carson Hill Gold Mining Corporaiton under immediate supervision of Lawrence Monte Verda, experienced mining executive and owner of the Calaveras Iron & Steel company.

The production of this mine has reached the $20,000,000 mark and according to estimate of an eminent engineer considerbaly more than 4,000,000 tons of commercial ore that can be milled at an estimated cots of 30 cents a ton and is easy of access being in a position to be milled by the glory hole method, is still within easy reach.

New development is planned in the mine to open up high grade ore shoots.

The principal mines in the group are the Carson Hill, Morgan, Melones, Calaveras, South Carolina, Iron Rock, California Ophir, Adelaide, Stanislaus and Guadalupe.

The reduction plant consists of 30 1250 pound stamps, three Hardinge mills, Deister concentrating tables, and cyanide plant, with a daily capacity of 700 tons. The company plans to increase the output to 1000 tons. Working crews in the mine will be exclusively of local miners, mechanics and laborers.

SUGARMAN MINE

The Sugarman mine, .two miles north of Sonora, gave up a "bunch" of the yellow metal last week estimated at $140. The pocket was found on a gold line a few feet south of the main Nigger-slate shoot, which produced approximately $15,000 during the past two months Because of the existence of several other gold lines close to one another in that part of the mine all the vein contacted by the Nigger-slate, which is about 40 feet wide, may be stoped to avoid missing some of the gold deposits. As previously stated, the operators, Ralph H. Butler, Robert Nelson and Harry Bowerman, plan installing a mill on the property in a short time.

BURNS MINE

Following installation of an air compressor, development operations have been resumed at the Burns ranch mine near Soulbysville by the Travena Gold Mines, Inc., of which S. S. Raymond is president. Six men comprise the present working force.

JACKASS HILL MINE

A pocket amounting to between $800 and $900 was taken out during the last few days from a small quartz lead six feet below the vein which recently yielded over $13,000 to Robert Newmeyer, Jackass Hill prospector. The strike was the second made in the mine since Newmeyer, with S. H. Bernard, obtained a new two-year lease on the property recently.

BUZZARDS ROOST MINE

D. W. Scofield of Blanchard has agreed to sell the Buzzard's Roost mine situated in that district, to J. W. Sterling for the price of $15,000. The option is given in connection with a one-year lease which requires that at least 20 shifts of work be performed on the property each month. Under the terms of the agreement Sterling cannot ship or reduce any ore taken out of the mine until $6,000 has been paid on the purchase price.

MINES IN GROWING DEMAND

The Sonora Mining Exchange reports inquiries for mines coming in almost daily and desires to get in touch particularly with owners whose properties are in a condition for immediate inspection. By this is not meant that the mines should be unwatered, states the informer, but that the workings be open and safe for making an examination.

Weed—Plans to rebuild burned theatre building.

Construction work on $650,000 hospital project at Veteran's Home progressing. Vallejo Evening News.

Frendale—Humboldt county Fair held here.

Downieville—Work on Yuba Pass Highway, west of here, to continue for two months.

Arcadia — Actual construction work started at Santa Anita rancho on $1,000,000 horse race plant.

Dos Rios—Contract let for construction of Eel River bridge at cost not to exceed $50,000.

Blue Lake—Highway near here being rerouted.

Red Bluff—Work on $40,000 bridge across Sacramento, near here, nearing completion.

Arlington—Local cannery started tomato packikng operations.

Doings at Camptonville

CAMPTONVILLE, Sept. 1.—Elmer Christenson of Brown Bear mine motored to Nevada City Saturday on business.

Miss Lola M. Labadie arrived Thursday from Browns Valley on a few days visit with relatives here.

Fred J. Joubert, Miss Lesta H. Joubert, Helen Jackson and Maxine Tibbetts motored to Grass Valley Saturday on a short visit.

Myron Pauly and Erle Pauly motored to Nevada City Friday on a short business visit.

Mrs. Rachael M. Labadie motored to Marysville Friday on a short business visit.

C. H. Greene of Gass Valley was in town Saturday on a brief business visit.

Mr. and Mrs. Jack A. Wolff of Grass Valley were in town Saturday evening attending the dance.

Mr. and Mrs. Herbert Costa and party of Nevada City were in town Saturday veening.

The following were among those from Downieville attending the big benefit dance Saturday evening: E. W. Thomas, Paul Smith, Jr., Miss Anna Marie Smith, Frank Poggi, Kenneth Latta, Miss Myrtle Pearson, Mr. and Mrs. Stanley McCormack, Miss Dorothy Schofield, Chas. Folsom and others.

Leslie Kendall of San Francisco arrived a few days ago on a short visit to his old home here.

Ray Henderson passed through town Saturday from Sierra City enroute to San Jose and Oakland on a short visit.

Joseph Vierra and wife of Challenge were in town Saturday evening attending the dance.

County Clerk W. M. Strief and James Russell of Marysville were in town Sunday on official business.

Mr. and Mrs. E. H. Furlong of Auburn were in town Saturday evening on a short visit.

Jack F. Ford, Miss Maxine Tibbetts and James L. Joubert left Sunday for Sacramento where they will resume their studies after passing a vacation at the Joubert Ranch at Oak Valley.

Mr. and Mrs. Walter Butz and family of Nevada City were in town Saturday evening visiting relatives.

Cyril Pendola, a former resident now living in San Francisco, is spending a vacation in this section.

Miss Jessie and Rose Marie Smart of Nevada City were in town Saturday visiting friends.

Mr. and Mrs. Chester Butz of Oroville were in town Saturday on a visit to their old home.

Mr. and Mrs. Laurel C. Ruff and daughters, former residents, of Yuba City, were in town over the week-end visiting relatives.

John Morris of Forest was in town Saturday on a short visit.

Joseph and Harry Skinner of Oregon Hill were in town Saturday evening attending the dance.

Mr. and Mrs. Hawley H. Chatfield and family of Pile City spent Saturday in town visiting.

Mrs. Olive Groves and son William returned Saturday from Auburn.

Bernard Rathjen and Miss Aileen Godfrey of Pike City were in town Saturday evening.

Albert H. Hamilton motored to Graeagle Saturday returning with his wife and daughter, who spent several weeks visiting at that place.

Levi W. Turner came down from Brush Creek Mine Saturday to pass the week-end visiting his family.

Mrs. B. F. McNaught and son Minot Riddell left Saturday for Redding after spending the summer at Sleighville House.

Emil Verch arrived a few days ago from the northern part of the state and is visiting his mine here.

Mr. and Mrs. Guy C. Tabler and family of the Indian Valley-Yuba River Fish Hatchery spent the week-end visiting in town.

George E. Butz motored to Nevada City Saturday on a short visit

J. L. Ritchie returned Saturday from a short business visit to Sacramento.

P. Kuster of Durham was in town Wednesday on a short business visit.

W. H. Cartwright of Grass Valley was in town Thursday enroute to Sierra City, accompanied by his son.

Mrs. Olive Groves and son William left Thursday for Auburn on a short visit.

Alton Cook of Downieville was in town Thursday on a short visit.

Joseph Locey has been visiting his sister, Mrs. Edward J. Price for the past few days.

Mrs. Jess Wilson and sons of Sacramento spent the past two days visiting Mr. Wilson of the True Grit mine.

B. R. Dunwoody motored to Grass Valley Thursday on a brief business visit.

John F. Lord returned Sunday from Sacramento where he spent a few days visiting.

Mr. and Mrs. W. S. Hart and son of Sacramento spent the week-end at the Hotel Francis.

Miss Maxine Tibbitts of Sacramento arrived Sunday as a guest at the Joubert home at Oak valley.

C. H. Green of Grass Valley was in town Wednesdoy on business.

William Locey of Dobbins was in town Tuesday visiting relatives.

Earl Wallace of Gridley was in town Wednesday on a short business visit.

Mr. and Mrs. Acton M. Cleveland motored to Sacramento Tuesday on a short visit to their daughter.

Yreka— Frank Chester opened fruit stand on South Main street.

Rio Vista—S. R. Sonneland purchased property at Madison and Kentucky streets and remodeling old Green Gables apartment house.

Oroville—Gateway Cafe, Montgomery Street, opened after being renovated.

STATE FAIR HAS RECORD ATTENDANCE

Mrs. Elsie P. Willoughby represented The Nugget at the Annual Press dinner of the State Fair at which Governor Rolph acted as host.

The directors of the Fair Association are so grateful to the members of the County Press for the publicity given each year and they take this method to thank the various editors for the good work accomplished. The editors were accorded every courtesy on the opening day.

Governor Rolph in his talk to the newspaper people defended the stand he had taken in visiting every county seat town in the state at least once as well as other criticisms the press had directed towards his office.

While less counties were represented this year at the Fair the exhibits were well worked out and in some cases were exceptionally good.

OLD TIME EXCITEMENT BREWS AT RANDSBURG

Activities in the Rand placer fields are rapidly on the increase so much so, that within the next thirty days, an old time excitement will be on the verge of starting. Coarse gold nuggets from the bottom of several developed shafts at a depth of 65 to 75 feet, on bedrock or from channel, have a tendency towards closing a number of options now being held on the Johannesburg channel.

The largest bottle of coarse gold nuggets shown has been at the Briton and Murphy mill in Sand Canyon from the material loaded on trucks by a large gas shovel from the Benson Gulch gravel banks, two miles distant from the Britton and Murphy sluicing plant. This bottle contains many nuggets that will show a ten dollar value.

Thus far, the gold, nuggets and coarse gold found in the Fine Gold No. 1, at the mouth of Goler Canyon, in the development of underground workings may not be so large but are of a finer grade, that will bring $18.50 an ounce.

The Milo Worthington lease on the original discovery of the Johannesburg channel, is the first placer gold saver to continue on a daily extraction; thus far, the recovery shows four dollar to the yard, and no doubt will improve with alterations of some parts of the crude gold saver.

The Gold Dust lease, one mile north of the discovery shaft, is making try-outs in their large sluicing plant, for the purpose of perfecting the mill both in saving values and testing the capacity.

A large dredger has been brought in on section 22 for the purpose of prospecting that promising ground.

There is a well drilling outfit on section 22, north of the Gold Dust claim. It is believed that a plentiful supply of water can be struck at a reasonable depth to carry on with the largest gold saving mills.

North of the Fine Gold No. 1 shaft, in Goler Canyon, two shafts now being sunk, have good indications of hitting good pay dirt on bedrock at less than 70 feet.

Many new shafts are being sunk in Sand Canyon and Benson Gulch, even the old-time miners that worked with a home made dry washer, have turned to shaft sinking. It is hard with a mighty slim grub stake to back them.

The Yuba River Country

FOREST CITY

By J. L. Rolfe

For several decades, following the later 50's, great wagon trains used to cross through the Yuba River Canyon Country over the once famous Henness road. East bound they carried all types of supplies to the great mines of the Comstock Lode at and near Virginia City in Nevada, and west bound great fortunes from the mines to the mint at San Francisco. One road came up from Freeman's Crossing of the Middle Fork of the Yuba river, just a short distance northeast of San Juan, climbed the ridge and passed along the back-bone half way between Alleghany and Forest. Several miles to the east it was joined by another branch that came up from Camptonville past Mountain House. The main truck road passed east through the great moss covered forest that covers the ridge which divides the canyons of the North Fork of the Yuba River and the Middle Fork. This road is today unused except by the occasional hunter or fisherman, or perhaps the tourist who loves to get off the beaten trail. Their reward is a trip of enchanting beauty as they pass the Sierra Buttes on the opposite side of the North Fork Canyon, travel along the Middle Fork and over the summit to Jackson Meadows, beautiful Weber Lake and the Truckee-Sierraville road.

Coming from Alleghany toward Forest the Henness Pass road is crossed at an elevation of about one mile. Then the Forest road drops towards Oregon Creek and Table mountain, a great flat top prominence—bare but for several isolated trees bearing their heads above the horizon. Forest City is nestled at the foot of Table mountain. The town was started in the summer of 1852 by a company of sailors who had deserted their ship when it entered San Francisco bay. One of them was a man named Brown and from him the settlement took the name of Brownsville. The following spring however, before another woman, a wife of W. S. Davis, and an occasion of such importance could not be overlooked. Therefor Brown was forgotten and the name was changed to Elizaville. It was not long however, before onther worman, a Mrs. Moody, arrived. She of course was not impressed by the presence of Mrs. Davis to the extent that the town should be named for her neighbor. But she was impressed by the dense oak forest which covered the forks of Oregon Creek with a growth so dense that even at noon day there was scarcely a spot where the sun could touch the earth. The cool and shady retreat of perpetual twilight caused Mrs. Moody to refer to the settlement as Forest City. The people were divided as to the proper tilte. Some favored Elizaville and others the more appropriate title which the exuberance of foliage had prompted Mrs. Moody to adopt. Finally in 1854 a meeting was held, a vote taken and the people formally christened it Forest City.

The diggings on the flat were at that time paying about an ounce of gold (worth about $18.00) to a man and the town was prosperous. In 1855 a telegraph line was built into Forest City so that it was in instant communication with San Juan, Nevada City, Grass Valley and the Bay District. At some points along the ridge evidences of this pioneer line are still to be seen. The big producer of the district was the Bald Mountain mine, for years the most extensive drift mine in the entire state. The main tunnel was more than two miles in length and many side tunnels were built to tap the rich valley. An engine, christened the H. K. Wallis, in honor of the superintendent used to make hourly trips both day and night carrying cars to every portion of the vast mine. It is related that an elderly man had the job of emptying the cars on the waste rock pile. One day he noticed the excessive weight of one rock as he was about to throw it down the mountainside. He at once called the superintendent who upon examination found it to be a black crusted pure gold nugget—a fortune in itself. As a reward for his keenness in saving this fortune for the mine owners, the laborer was given a new suit of clothes! Perhaps even a day off so he might be able to wear it.

VENISON FEED PLANNED ROSEVILLE LFGION POST

All those who enjoy eating of the elusive deer meat will be glad to know that an ample supply of it will be available to all who attend the annual Buck Stew of the Alyn W. Butler Post of the American Legion at Roseville.

The entertainment committee has announced the date of this event as Sunday, Sept. 25th, and are combining with it the annual turkey shoot and blue rock shoot. The location of the event will be announced at a later date as several desirable picnic spots are being considered.

As the Buck Stew is one picnic where the ladies have no work to do in preparation of the meal, it is highly popular with them, for all one can eat and drink is served on the grounds by the hosts, at comfortable tables in shady spots.

A gate prize of a handsome gold plated electric clock, has been selected besides other prizes that will be given in various games and contests, including a greased pig chase.

The charges are nominal, being only 25c for general admission to the grounds and an additional 25c for the meal. Children with their parents will be free in both cases.

The combination of all three events, it is expected, will bring out a large crowd and preparations are being made to serve them a hot meal with no delays.

The net receipts will be used in the Legion child welfare and community betterment and relief work for the coming winter.

San Jose—New county court house dedicated recently.

Vallejo—Bids for repairs to Virginia street wharf opened.

Solvang—Old Red Rock quicksilver mine in Cachuma canyon resumed operations.

Revised plans and specifications for $10,000,000 San Gabriel Dam No. 1 were adopted by Board of Supervisors recently. — Rendondo Beach Breeze.

Arbuckle—Curve on road into city eliminated.

A. S & R COMPANY QUITS THE KERNVILLE FIELD

American Smelting & Refining company has quit Kernville, it was reported today, and the concern's proposed $750,000 development project on the Big Blue property has been abandoned.

The great concern, of Canadian origin and well supplied with capital, has pulled the pumps and cable from the Big Blue, and complete evacuation is anticipated. About $100,000, including actual development work and cost of rentals, was spent on the job by the organization

While that company evidently proposes to wash its hands of the Kernville diggings, there is no particular reason why its act should discourage prospects for the property, because it is known that others are ready and willing to take over the mine and try additional and different tactics, if the A. S. & R., will relinquish the lease.

Inasmuch as negotiations are still in the embryo stage, the new group does not care to have its activities disclosed, but is was learned that plenty of financial support is on hand to carry on new development work.

Already engineers of well-financed concerns have been on the property making examinations which have been so encouraging that it is thought likely new work will be started soon in that district.

A. S. & R., is is believed by those familiar with the region, made only a cursory examination of the property, and failed to find payable ore because the development was not carried far enough forward.

North Sacarmento—First unit of Grant Union High School nearing completion.

Long Beach—Cornerstone of new Federal building, corner Third St., and American avenue, laid.

Oiling operations on Lassen Peak Trail to start immediately—Westwood Sugar Pine.

San Mateo—O Lochbourn and D. Ralph purchased former Regent theatre and plan remodeling and converting into modern theatre.

PLACER COUNTY HAD STATE FAIR EXHIBIT

Placer county did not emphasize her great fruit industry in her exhibit at the State Fair this year, confining her display almost entirely to an exposition of her mineral wealth.

An outstanding feauture was the miner actually at work, panning gold from some Placer county quartz that was taken to Sacramento. There was an elaborate display of minerals and their products, including pottery, vases and a new building material trim consisting of clay with gold burned into it.

A large relief map of the county was included in the display, with Lake Tahoe emphasized particularly. The California Tourist Association, which installed the exhibit, called attention to the fact that 54,232 persons who viewed the scenic paradise entered the state through Auburn last June.

TAXABLE WEALTH OF CALIF $1,316,965,641

Sacramento, Sept. 8—California property owners will pay taxes this year on assessed valuations which are $1,316,965,641 less than the corresponding figures for 1931, according to statistics completed today by the State Board of Equalization.

Comparisons made by the eqalization board reveal that this is the greatest decrease in assessed wealth which the state has ever experienced. The current county tax rolls show total valuations of $8,081,944,342 as contrasted with $9,398,983 in 1931, marking a loss of 14.01 per cent.

Both real and personal property values contributed to this decrease. Land taxed locally is assessed at $3,264,487,189 which is 13.79 per cent less than last year, and the improvements thereon have decreased in value to $2,023,320,147, a loss of 7.69 per cent. Meanwhile, tangible personal property, valued at $649,688,840, is assessed at 14.76 per cent less than it was in 1931.

Intangible forms of wealth have declined even more sharpdy in assessed worth. Stocks and bonds are valued this year at only $510,290,633 as contrasted with $835,246,075 on the last assessment roll. This is a loss of 38.90 per cent, and largest decrease revealed on the entire rolls.

These satistics have been compiled from reports made to the state equalization board by county auditors and cover all types of property in California. The decrease in values is attributed by the board to unsatisfactory business conditions and not to any marked change in valuation procedure on the part of county assessors.

SIERRA DEL ORO GD MINE

Announcements have been made by the Sierra del Oro Mining company that a twenty stamp mill is to be built immediately on its North Fork mine at Forest City. The North Fork lies north of the famous Sixteen-to-One property and for many years was a steady producer. The management states that 70,000 tons of mill ore have been developed, with the outlook promising for opening of more profitable territory.

The old workings are being retimbered, new ground opened, with arrangements made for activities planned along broad lines.

ROCKLIN QUARRY TO RESUME ACTIVITIES

Old man depression was given another severe setback this week, when it became known that the Guy F. Atkinson Company of San Francisco had purchased the Bill Anderson quarry at Rocklin.

J. Standish ,quarry superintendent for the Atkinson company, is now on the ground making preparations to get busy as soon as the machinery arrives from Oakland and within a few weeks two shifts a day will be working to get out a large contract of heavy stone for the Monterey Breakwater, a federal project.

About 60,000 tons of stone will be required for this job and it is expected that at least 35 men will be employed to finish the contract. The old Anderson quarry is well known in Rocklin, being located just back of the Finnish Hall and it is expected to use local men as far as possible.

With the opening of this quarry and other work that is being done at the present time, such as the postoffice building in Sacramento, Rocklin will once more come into its own, as this town was at one time taking out thousands of tons of granite.

It is believed these two projects will keep a large force of men busy all winter.

See the ELECTRIC REFRIGERATOR

EXHIBITION AT THE STATE FAIR

Each day this week at the State Fair hundreds of men and women are visiting the exhibition of electric refrigerators in the Food Show Tent. Here they can see and examine different makes of modern electric refrigerators without visiting store after store.

Women are especially interested in Miss Lauretta La Marr's afternoon and evening demonstrations of the ease with which many seemingly difficult recipes may be prepared in an electric refrigerator.

Attend the State Fair. And be sure to visit the electric refrigerator exhibition; admittance is free. Courteous attendants will gladly show you all the features of electrical refrigeration.

At the State Fair, or your local dealers' stores, be sure to ask about the easy terms on which you can own an electric refrigerator. You'll be interested to learn how little it takes to have the electric refrigerator of your choice installed in your own home at once.

CAMPTONVILLE NEWS

Camptonville, Sept. 8— Miss Lola Chatfield and Miss Betty Nordyke spent the week end visiting relatives in Pike City.

David Ayers of Downieville passed by Monday enroute to Chico where he will attend school.

Julius E. Pauly left Tuesday for Sacramento on a short business trip.

Chas. Wilson, Jr.., and James L. Joubert left Monday for Sacramento to resume their studies after a week end holiday spent here.

George Halkyard and sister, Ruthe, of San Francisco spent last week end here with relatives.

Mr. and Mrs. Eugene Hays visited relatives in Browns Valley last week end.

Miss Katheryne Pauly left Monday for Oakland to resume her studies after spending the week end here.

Erle Pauly has accepted a position in Auburn.

With every purchase made they punch out the amount in said coupon and when the total is punched out you pay only 35 cents and recieve one of the enlargements in colors.

Assembly Fight in Sixth District Still in Doubt

The quesion of who is winner in the sixth assembly district fight, is still up in the air, with Berle Thomas, of Placerville and Jesse Mayo, of Angels, Calaveras county, both claiming to have a majority.

Mayo claims a 100 vote plurality and Thomas contends that he is leading on the basis of official returns minus Inyo, Mariposa, Calaveras and Amador counties.

Mine Owner Visits Nevada City—

Mr. Thomas, owner of the Green Emigrant mine, in the Rock Creek district near Auburn, was a Nevada City visitor Monday. He said the mine was originally owned by Pike Bell, in the early 70's and he took out $267,000. The property is now under lease and bond to San Francisco parties. Peter Saracco of the Saracco Tank and Welding Co., Ltd., of San Francisco, accompanied Mr. Thomas on the trip to Nevada City.

Mr. and Mrs. Al Martin of Gold Flat were State Fair visitors early this week.

Thomas E. Stephens Visits—

That this is the "Best Little City on the Mother Lode" is brought to our mind almost every hour of the day when we look around and see so much activity going in. In this connection we have Thomas E. Stephens, of the German Bar Gold Mines Company located 26 miles from Nevada City, on the Middle Yuba river across from Plumbago and Gold Canyon, in town this week, looking over the ground and in the near future we will have some news of this section.

Arthur Foote, prominent mining man of Grass Valley was a visitor at The Nugget office Wednesday.

LOCAL HAPPENINGS

Mr. and Mrs. C. Nulbern, of Sacramento were visitors in Nevada City over the Labor Day holiday.

Fred Joubert, mining man of Camptonville, was a Nevada City visitor Tuesday.

Mr. and Mrs. P. O. Strandberg had as a recent visitor their son, Donald of San Francisco.

Mr. and Mrs. Ed Christianson, and son, Leon Christianson and Miss Cecelia Genasci were visitors at the State Fair last Sunday.

The Burkhart property on upper Broad street is being re-roofed and the porches are renewed, with some interior work being done also.

The new home of Tony Rore on Nile street is rapidly nearing completion and will beautify a spot that should have been built on a long time ago.

Mrs. Gilbert and son, Albert Allen, of Marysville were visitors here this week. Mrs. Gilbert is a sister of Mr. Jack Grizzel.

Miss Bertha Marsh of Oakland spent last week end visiting her sisters, Mrs. Ray Davis, Mrs. Aubrey Wisker, and Miss Alma Marsh, and other relatives.

Mr. Louis Arditi of Sacramento spent a few days visiting old time friends in Nevada City early this week. He teaches in the schools at Aberdeen, Washington.

Mrs. P. Armstrong is in Letterman General hospital in San Francisco receiving medical attention. Mr. and Mrs. George Stine accompanied her on the trip to the city.

Mrs. Henry Pimintell and daughter, Virginia, of Camino, were recent visitors with her sister, Mrs Clara Japson, and other sisters and brother. Her mother, Mrs. Marshall, accompanied her home for a visit.

Dr. A. A. Arbogast accompanied by George E. and Elmore Powell, of San Francisco spent last week end in Nevada City with relatives of the doctor.

The apartment house being built by D. Mezzetta near the railroad depot is going up at a fast rate and will soon be completed. Steger and Sons are doing the work.

Mrs. Morano of Salinas came up to visit her husband who is working at the old McKenzie mine. She returned home Monday accompanied by their children who had spent a vacation with their father.

Frank Sylvia, of Marysville, was a visitor in our fair city over Sunday and Monday. He was greatly invigorated by the welcome change in the atmosphere as the heat has been very intense in the valley for the past several days.

Mrs. Thomas Corcoran has returned from a three weeks visit in the bay region and Stockton. She was accompanied home by her son. Carl, and wife who are visiting here for a few days.

Mrs. R. F. Werner and small son left recently to resume her duties as sub-normal teacher in the Minneapolis public schools. She has spent the summer here with her husband, Mr. Robert F. Werner.

J. F. Barber representing the W. A. Bechtel Contracting and Engineering firm in San Francisco spent a few days in town this week on business. Mr. Barber is staying at the Bret Harte Inn, Grass Valley over the week end.

Mrs. A. W. Lester, who resides with her daughter, Mrs. B. Powers of the bay region, is spending a vacation here in her old home on Spring street. It is situated just back of the National Hotel and is one of the oldest homes in the town.

Miss Sadie Dorzis and Mrs. Neva Blood Cross, both former residents, came up from San Jose during last week end for a short visit. Mrs. Dorzis was formerly Miss Sadie Arnhart, and they visited the old ranch while here.

Mr. and Mrs. Winters and son, of Grass Valley, spent the week-end looking very diligently for a house to rent.— * * * Try and find one says we. Any one who has a House to rent please notify us. We are also looking for same.

Mr. and Mrs. Robins, formerly of Tonopah, Nev., who have had an apartment at the Celio home, have moved into the new Clutter house at the foot of Boulder Street. Mr. Robins is a mining man of wide experience.

L, Netz, who operates the local Monumental Manufacturing Works, left Thursday of this week with his family for Fort Bragg, Mendocino county, to enjoy a week's vacation at the beach. Mr. Netz intends to do some fishing while gone and he may bring back a few "big ones."

Sam Devine and son, Alan, of Sierra Valley, Sierra county, attended the state fair early in the week and returned to Nevada City where they visited with Mr. Devine's stepson, Jimmie Ferrell.

Mr. and Mrs. Charles Guenther and nephew, Will Jeffrey, left early Saturday morning for Eureka where they will visit a son and family for a week. Young Jeffrey will enjoy a fishing trip while there.

Herman Ramm, of Oak Valley, was in town Tuesday on business and was accompanied home by his wife and daughter, who have been spending the week visiting Mrs. James Erway, of Nevada City.

Mr. and Mrs. J. D. Wright, Robert Inman with Billy Doan spent the week end with Mr. and Mrs. Alex Chisholm. The party came in by auto from Tonopah, Nevada, September 3rd following the marriage of Mrs. Wright's daughter, Clara, to William Merchant, Jr. The young couple will make their home in Hawthorne, Nevada. May we take the liberty to extend congratulations and wish the young folks a long and happy married life.

L. Twidell brought in a nice specimen of real "Mazuma", "Long Green" of What not this week, meaning in plain English Gold. He has been working this summer on Bear River in southern Nevada county and this represents the "clean up". It certainly interested Ye Editor very much. Mr. Twidell has had a claim in this section for several years and hopes to do some real development work soon.

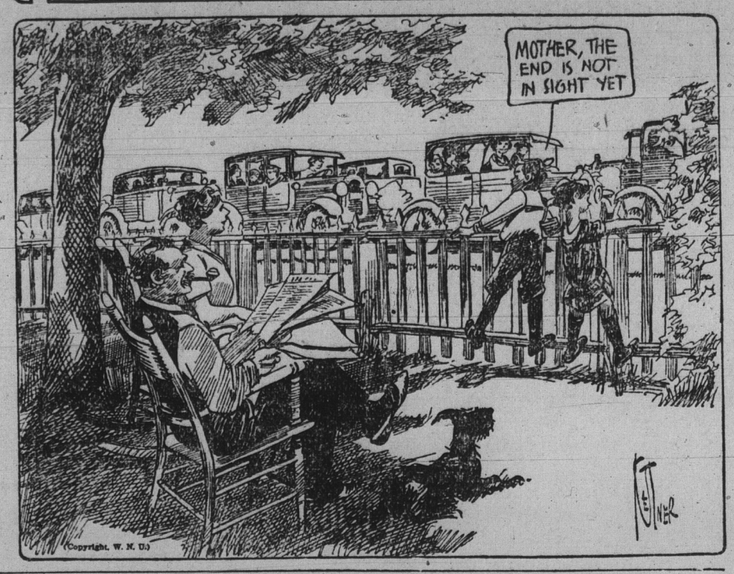
Evening of Music is Enjoyed at Truckee

On September 1st, P. W. T. Ross and Irene Varley gave an afternoon of music and poetry at the Wyethia Club, Truckee. Mr. Ross gave a lecture on the course of poetry from Chaucer to Valery, and recitations with musical commentary by Miss Varley on modern Irish, English and American poets, as well as Baudelaire and Shakesperian group. The afternoon was one which afforded rare pleasure because of the unusual talent of Mr. Ross in the reading of the beautiful poetry and because of the artistry shown by Miss Varley in her own exceedingly lovely musical compositions written to enhance the poetry.

Cy Sofge and Al Hertzer, of the state printing office force at Sacramento were visitors at The Nugget office Monday. Mr. Sofge has been machinist at the state office for about twenty years. He has built a home about a mile east of Nevada City and when he gets through tinkering with linotype machines intends to pass the rest of his life in the beautiful foothills of Nevada county where climate and surroundings combine to make life pleasant.

The Labor Day Parade



RODEO TO HAVE FIRST ACTIVITY SUNDAY MORN

Sunday will be a busy day at Peardale. Picks and shovels will fly and hammer anr saw will resound when the general committee for the Peardale Rodeo on September 25th, takes hold of the big job of preparation. There is plenty of work to be done, the committee announced, and they ask the cooperation of the ranchers and farmers residing in that section as well as volunteer helpers from this city.

On Sunday the various corrals for the holding of the big annual bucking broncho show will be constructed. This entails considerable work and a big crew of helpers is necessary.

Plans for the coming rodeo celebration are progressing at a good pace and the Peardale residents have expressed the belief that this year's annual showing of riding, roping and cattleman tricks will outshine any of the shows of previous years.

The big show will start on the night of Saturday, September 24, with a Rodeo dance at Twin Cities Pleasure Hall. In the line-up of events for the next day will be a string of hard riding broncs of the well known Barnaby's bucking broncos.—Morning Union.

Camptonville Benefit Dance Attended by Large Crowd

CAMPTONVILLE, Sept. 1.—The benefit dance for the Camptonville Union School District took place Saturday evening in the local Masonic Hall. The affair was a benefit dance and was largely attended by people from the surrounding mountain towns. Music was furnished by Eddie Meltz and his well known and popular orchestra from Auburn and a fine supper was served at midnight. The affair netted $90.72 which went to the school district.

Miss Flora Peterson returned last Thursday evening from a two weeks vacation trip to the Echo Lake district in El Dorado county, for another week's visit with her sister, Mrs. Elsie Willoughby, and family. She had a very thrilling experience in living next to nature in the rough and said that if she had had a frying pan with her on one occasion a large fish would have jumped into the pan.

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of **Dr. Miles' Nervine** and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Liquid or Effervescent Tablets at all drug stores.

Price $1.00

DR. MILES' NERVINE Liquid

NEW SHIFT ADDED TO MURCHIE MINE

Several men have been added to the eleven o'clock shift of the Murchie mine this week. This mine is owned by the Newmont interests and this represents several extra men that have been added to the working crew within the past few weeks.

The noted Murchie mine is situated two miles east of Nevada City on the old Red Dog and You Bet road.

Mr. and Mrs.. B. G. Cronwell, who spent some time here last season where he gave chiropractor treatments, were up from San Francisco for last week end. Two daughters of Mr. Netz, who live in the city, accompanied them to Nevada City to visit at home over the holidays of last week end.

Arbogast Saw Mill In Operation—
The Arbogast brothers, Kenneth and Raymond with the assistance of their father, Mr. Peter Arbogast, have been working a crew of six or eight men at their saw mill all summer in getting out material for the various mining companies. They report a very good business but expect to shut down for the winter season as usual.
